

Draft Specimen Label

BUFFER • ACIDIFIER • FOLIAR NUTRIENT

ACTIVE INGREDIENTS

Citric acid (Beta-Hydroxy Carballylic Acid)	3.00%
Lignosulphonic acid, sodium salt	1.56%
Aluminum silicate, hydrated	0.40%
Constituents ineffective as a spray adjuvant	95.04%
Total 100.00%	

* All ingredients are accepted for use under USEPA List 4A

GUARANTEED ANALYSIS

Total Nitrogen (N)	0.10%
Potassium (K2O)	1.95 %
Sulphur (S)	0.47 %
Calcium (Ca)	0.12%
Iron (Fe)	0.11%
Zinc (Zn)	0.10%
Manganese (Mn)	0.03%
Copper (Cu)	0.008%
Boron (B)	0.017%
Molybdenum (Mo)	0.023%

**KEEP OUT OF REACH OF CHILDREN
CAUTION:**

Causes eye and skin irritations.

If this product gets into the eyes, immediately wash the eyes with large amounts of water for at least 15 minutes. Obtain immediate medical treatment.

If this product gets on the skin, immediately wash the contaminated area. Seek medical attention if skin irritation persists.

If this product has been swallowed and the person is conscious, immediately give large volumes of water. Do not induce vomiting. Seek immediate medical attention.

GENERAL INFORMATION

EZ THRIVE is an organic acidulant, buffering agent, and organic sequestered foliar nutrient package that is used to lower the pH of spray water and reduce pesticide degradation caused by alkaline hydrolysis in waters with a pH above 7 and at all levels of alkalinity.

The **EZ THRIVE** formulation contains organic acids instead of corrosive mineral acids and is therefore safe to use in spray equipment.

EZ THRIVE should always be added to the spray tank while agitating, but before the addition of pesticides or other nutrients.

DIRECTIONS FOR USE

BUFFER	PER 100 GALLONS
Spray water acidification	1-4 QTS
Waters less than 500 ppm alkalinity	1-2 QTS
Waters greater than 500 ppm alkalinity	2-4 QTS
FOLIAR NUTRINET	PER ACRE*
General nutrition supplement	1-5 gal.

* Apply in sufficient water or fertilizer to allow adequate coverage and ease of handling.

EZ THRIVE WILL DISPERSE IN WATER WITH LITTLE AGITATION, FOLLOWING THIS MIXING SEQUENCE: 1. WATER 2. EZ THRIVE 3. PESTICIDE.

STORAGE AND DISPOSAL

1. **PROHIBITIONS:** Do not contaminate water, food or feed by storage or disposal.
2. **STORAGE:** Store in original container only and keep sealed. Store in closed storage area. Use Caution when moving, opening, closing and pouring.
3. **PESTICIDE DISPOSAL:** Improper disposal of excess spray mixtures or rinsate is a violation of federal law. Wastes resulting from use of this product should be disposed of through on site spray application or at an approved waste disposal facility.
4. **CONTAINER DISPOSAL:** Follow governmental procedures for disposal of pesticide spray solutions. Triple rinse container, empty rinsate into spray tank. Contact county agricultural commissioner for container disposal information.

CONDITIONS OF SALE

Seller warrants that this product conforms to its chemical description and is reasonably fit for the purpose referred to in the directions for use when used in accordance with the directions under normal conditions. Buyer assumes the risk of any use contrary to such directions. Seller makes no other warranty of representation of any kind, expressed or implied, concerning the product, including NO IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS OF THE GOODS FOR ANY OTHER PARTICULAR PURPOSE. No such warranties shall be implied by law and no agent of the seller is authorized to alter this warranty in any way except in writing with a specific reference to this warranty. The exclusive remedy against seller shall be a claim for damages not to exceed the purchase price of the product, without regard to whether such a claim is based upon breach of warranty or tort. Any controversy of claim arising out of, or relating to this contract, or breach thereof, shall be settled by arbitration in accordance with the commercial arbitration rules of the American Arbitration Association, and judgment upon the award rendered by the Arbitrator(s) may be entered in any court having jurisdiction thereof.
